**Rapidly Evolving Souls are people just like you**, who have developed the gift of a vision; the vision that they can make a difference in the world by expressing Unconditional Love to others.

**Through the use of inspiration and imagination**, they “tap in” to the realm beyond a physical existence – into Universal energy. How do they do this? Simply by knowing they can.

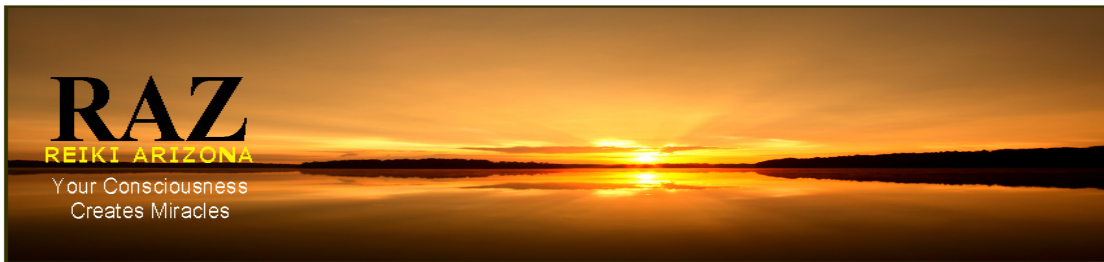

**The 10 traits listed below are provided to give those who are guided to this report *thinking points*** or ideas and inspirations to lead them down this path.

A Rapidly Evolving Soul:

1. **Expresses gratitude** for every moment of their life.
2. **Lives only in the moment**; never worrying about a past or a future. Remaining focused in the NOW
3. **Always realizes** they are ever evolving.
4. **Lives in the world** without being of the world.
5. **Finds joy** in the smallest of things.
6. **Appreciates nature and life.** They see everything and everyone as being connected to a single, divine consciousness.
7. **Sees the light of God** in the Heart all people no matter who they are or what their expression of that miracle is.
8. **Loves all of life** without condition.
9. **Does for others** for the joy of doing; without ulterior motive.
10. **Connects with the source God** in all ways and in every moment.

**It is my wish for you** that you find all that you are seeking on this journey called life. If I may ever be of assistance to you, please call on me.

I wish you peace and healing energy on your journey.
